In conducting his
own piano manu-
factory in Milwau-
kee, it has always
been Mr. Gram's
purpose to give the
public an instrum-
ent of unques-
tioned merit at a
moderate price. In
this he has suc-
ceeded. He has em-
bodied the best
ideas of the stand-
ard makes of the
world and thirty
years of experience
handling the high-
est grades of pianos
has given him this
advantage. See and
hear this piano to
be convinced.

In conducting his
own piano manu-
factory in Milwau-
kee, it has always
been Mr. Gram's
purpose to give the
public an instrum-
ent of unquestion-
ed merit at a
moderate price. In
this he has suc-
ceeded. He has em-
bodied the best
ideas of the stand-
ard makes of the
world and thirty
years of experience
handling the high-
est grades of pianos
has given him this
advantage. See and
hear this piano to
be convinced.
